

Certificate/CertificationDetails for Deep Learning

Certificate / Certification Details:

S. No.	Certification Type	Certification ID	Certification Name	Certification Agency	Certification URL
1	Compulsory	RU-0027	IBM Deep Learning with PyTorch, Keras and TensorFlow Professional Certificate	IBM (Coursera)	IBM Deep Learning with PyTorch, Keras and TensorFlow Professional Certificate Coursera
2	Optional	RU-0023	Introduction to Computer Vision and Image Processing	IBM (Coursera)	Introduction to Computer Vision and Image Processing Coursera
3	Optional	RU-0020	Supervised Machine Learning: Regression and Classification	DeepLearning.AI & Stanford (Coursera)	Supervised Machine Learning: Regression and Classification Coursera
4	Optional	RU-0021	Unsupervised Learning, Recommenders, Reinforcement Learning	DeepLearning.AI & Stanford (Coursera)	Unsupervised Learning, Recommenders, Reinforcement Learning Coursera

Certificate/CertificationDetails for Computer Vision

S. No.	Certification Type	Certification ID	Certification Name	Certification Agency	Certification URL
1	Compulsory	RU-0023	Introduction to Computer Vision and Image Processing	IBM (Coursera)	Introduction to Computer Vision and Image Processing Coursera
2	Optional	RU-0027	IBM Deep Learning with PyTorch, Keras and TensorFlow Professional Certificate	IBM (Coursera)	IBM Deep Learning with PyTorch, Keras and TensorFlow Professional Certificate Coursera
3	Optional	RU-0020	Supervised Machine Learning: Regression and Classification	DeepLearning.AI & Stanford (Coursera)	Supervised Machine Learning: Regression and Classification Coursera
4	Optional	RU-0021	Unsupervised Learning, Recommenders, Reinforcement Learning	DeepLearning.AI & Stanford (Coursera)	Unsupervised Learning, Recommenders, Reinforcement Learning Coursera
